Dear Rick,

Thanks for the very nice letter. We appreciate it.

I don't know whether you or anyone else wants to see me when I'm at Hopkins.

I anyone does we intend to get there early, like last time, although my postponed appointment with Dr. Williams is not until 1 p.m.

I've developed a hernia where I was operated on. I'm going to try to see Dr. Reitz again but I have no appointment, he may be in surgery, etc. Like last time, we'll probably have breakfast in the cafeteria and then go to his office and see if he will be available.

And if he isn't just sit and wait until 1 p.m.

It is Tuesday the 19th.

Best to everyone,

Harold
